

Fledglings Home Learning

Friday 24th September (Week 4)

Maths Task

Using the number cards and match numeral to quantity. For example, match the number 5 to the card with 5 teddy bears.

Ask an adult to take photograph of you doing your maths and send it to Miss Prud'homme
h.prudhomme@banburystmarysschool.co.uk

Phonics Task

Complete the Read, Write Inc. (RWI) sheets for the sounds m,a,s **Please write in pencil.**

Use the rhymes to help you form the letters correctly.

Fine Motor Activity

Please work with your child on their scissors skills. A pack including scissors and cutting templates will be sent home with them for you to practice.

Reading

This week your child might bring home a decodable book which has been carefully matched to their phonics learning.

If your child does not yet have a decodable book use the sounds from the RWI sheets and see if you spot these letters around your house? Can you spot them in books?

Your child will also bring home a library book, which they have chosen themselves. This is a book for you to read to your child and enjoy as a family. You should be reading with your child a minimum of 4 times a week.

Please work with your child to look at the red words and learn to read them by sight.
