

Homework Kingfishers

Due back to school – Tuesday 23th January

English

This week we have been writing invitations. The knight and dragon have invited each other to a fight; Who do you think will win?

Challenge: Explain why you think the dragon or the knight will win.

Maths

This week we have been looking at 3D shapes. Look around your home and find an example of a:

Cube

Sphere

Cylinder

Reading

We want you to be reading a minimum of four times a week. Make sure you are reading a book that you enjoy and want to read. To help your reading further, write a comment in your reading record.

Your focus question this week is;

Which character is your favourite?

You could ask a grown up to write your answer in your homework book or in your reading record.

Project: DT

We have been looking at levers and sliders. A slider is something that moves up and down or left and right (such as a bolt on a gate or curtains on a rail. A lever is something that pivots around a point and can be used to push, pull, lift or turn something (such as a handlebars on a bike, a seesaw or a light switch). Find an example of a lever and a slider at home.
