

Year 3 and 4 homework; due in Tuesday 15th June 2021

English

Next we, we are going to be writing a letter. Write a list of the all the features of a letter. Think about both language and layout features.

If you are finding this tricky, have a look on the BBC website as there is lots of information that might help you: <https://www.bbc.co.uk/teach/skillswise/writing-a-letter/zbc8vk7>

Reading

Make sure you are reading a book you are enjoying and want to read. To help your reading further, you should be reading a minimum of four times a week. Write a comment in your reading record. You could try thinking aloud to help you make sense of what you read.

Project

Our next topic in science is 'Living things and their habitats'. There are **seven life processes** used to describe if something is alive. To remember these, people sometimes use the acronym 'MRS GREN' which has been up in your classroom this week – but what does it mean?

We would like you to find out what each letter stands for and then write down the meaning.

If you are finding this tricky, have a look at the Kids Britannica website:

<https://kids.britannica.com/students/article/living-things/275509>

Maths

Mild 	Spicy 	Hot 
1) $\frac{3}{10} + \frac{2}{10} =$	1) $4\frac{2}{6} + \frac{3}{6} =$	1) $2\frac{1}{8} + 3\frac{5}{8} =$
2) $\frac{1}{3} + \frac{1}{3} =$	2) $2\frac{2}{5} + \frac{1}{5} =$	2) $4\frac{1}{5} + 2\frac{4}{5} =$
3) $\frac{2}{5} + \frac{1}{5} =$	3) $5\frac{7}{10} + \frac{2}{10} =$	3) $3\frac{1}{9} + 9\frac{6}{9} =$
4) $\frac{4}{10} + \frac{3}{10} =$	4) $3\frac{5}{9} + \frac{2}{9} =$	4) $1\frac{3}{7} + 2\frac{2}{7} =$
5) $\frac{3}{8} + \frac{4}{8} =$	5) $1\frac{3}{7} + \frac{4}{7} =$	5) $5\frac{2}{8} + 6\frac{4}{8} =$

Please make sure you are logging in to TT Rockstars and playing the games. A new challenge has been set between Magpies and Swallows – may the best class win!
